LOS ANGELES, CA – A brilliant public speaker with a troubled past returns from Vietnam severely hearing-impaired and finds a new purpose on behalf of Americans with disabilities in **MUSIC WITHIN**, a film based on the true story of Richard Pimentel debuting on DVD April 8 from MGM Home Entertainment. In his feature film directorial debut, **MUSIC WITHIN** director Steven Sawalich delivers an insightful and touching film with “a healthy dose of humor” (Anthony Breznican, USA Today) starring Golden Globe®* nominee Ron Livingston (*Office Space*, “Band of Brothers”) as Richard Pimentel, a man on a quest to find the ‘music within’ after losing his hearing to a bomb blast in combat. Faced with this newfound disability on his return to civilian life in Oregon, Richard discovers that his struggle to transcend his hearing loss is a defining moment in his fight for what he believes in. Through an unlikely friendship with a cerebral palsy-stricken genius played by Michael Sheen (*The Queen*), and a free-loving college beauty played by Melissa George (*30 Days of Night*), Richard makes it his mission to prove he and others can achieve their dreams despite disabilities. “A fascinating story of compassion, grit and determination,” (Jack Matthews, New York Daily News) **MUSIC WITHIN** garnered the Audience Award for Narrative Feature Film at the 2007 AFI Dallas International Film Festival.
